If you are not certain of your exact model of MiTo, check your V5 Section 4. Vehicle Details to see which Variant your car is. The Variant is an accurate reference for the specific engine in your MiTo, validated with the

DVLA for all UK registered MiTos.

Use this Variant to lookup which oil your MiTo requires using the tables below and double-check that your model of MiTo is listed.

For each of the four types of oil used in the various engines of the

Alfa MiTo, there are examples of oils which meet the standards required for your engine.

Other oils are available, but ensure you check that the minimum classifications are met or exceeded by the manufacturer.
